SUPPLYING OBSOLETE AUTOMATION SPARES

PLC Automation Pte Ltd, is a Singapore established company. We are focused on supplying obsolete automation spares.

Learn More >

PLC AUTOMATION PTE LTD, IS A SINGAPORE ESTABLISHED COMPANY.

Our Key Focus is the supply of obsolete automation spares & providing solutions for all parts causing disruptions in the application process which, in turn, equates to reduced downtime for companies like yours.

Our founders have been in the CAI sector for more than a decade and come with extensive & comprehensive knowledge on control instrument spares with extensive experience levels in sourcing parts that are obsolete so as to support your operations.

PLC Automation has a global network of suppliers and is dedicated to supporting you by sourcing & delivering your critical MRO spares within 24hrs to 14 days to any corner of the world.
